**NIKI FISHER**

Ok, so an Englishman, an Irishman and an Aussie walk into a bar. They look over to this girl sitting at the bar and ask "Hey, aren't you Niki Fisher, cross country racer and designer?" "Yes I am!" Replies the girl. Pretty funny, huh? The four spent the rest of the night hearing stories of Niki's company, Design by Peppi, and her adventures at the Mountain Bike World Championships in 2005, before the Englishman got caught looking down her top and things got really awkward.
